

HOW TO USE THE CODES CHanneled BY AGESTA

- The code must be repeated 45 times every time, because this is a manifestation number and when using them do it with conscience, faith and heart.
- Then can be said as one digit (i.e. 10243 ten thousand two hundred and forty-three), one by one (one, zero, two, four, three); in pairs or as you wish by heart, NO RULES FOR THAT.
- They can be repeated during the day as many times you wish; there are no rules for it.
- The number of days to do it is up to you, they are usually made until what we are asking for comes to manifestation, there are other codes such as connection to the Earth, etc. that it would be wonderful to repeat them always.
- They can be done anytime and anywhere.
- Beings of Light do not need any rituals to be heard, however, if someone is motivated to light a candle, incense, play music, etc., that is up to anyone's discretion.
- As Agesta tells us, it helps as a lot to count with a rope or necklace with 45 beads or knots.
- You can repeat the code mentally or using your voice. If you get used to the vibration of these numbers you will be in tune with Higher Dimensions and develop psychic faculties as telepathy, clairvoyance, clairaudience and intuition.
- Occasionally find repeated codes, this is not an error; what happens is there are codes with various functions.
- Codes can be said by other person. Just use intention and say: I apply this Code for..... (Name). The Soul of the receiver will receive the vibration and will apply it in a better way. It is better to make a code for a person than for several ones, in order energy is not dispersed.

THE USE OF THE SACRED CODES IS ONLY TO BE USED UNDER YOUR OWN RESPONSIBILITY. THEY DO NOT REPLACE ANY SORT OF PSYCHOLOGICAL OR MEDICAL TREATMENT, AND ARE NOT MEANT TO BE USED AS SUCH.

CODES BODY SYSTEMS (FLORIAN ANGELES)

In Anatomy there is a clear difference between gastrointestinal tract and digestive system. For this publication purpose I am not considering it in order to facilitate exposure. So I will use the term "systems." There is a group called Florian Angels. These Beings appear in the most urgent times, and wish fervently to prepare us to receive the energies of this June, especially the flow that will come on 20, 21 and 22. This energy will be intense and transformative, and these Angeles want to strengthen our "systems" in order to make us successful receptors of the Divine Light. To do this, they have given us some sacred codes to be shared:
